Sir,

I beg most respectfully to inform you that I was first entertained as a compounder in the Local Fund Dispensary at Kunigal in the year 1894, and was transferred to the Imperial Service Regiment in the year 1898.

In the Government Proceedings No. X 1230-31 (Military) dated 4th January 1900, my present pay is fixed at Rs 9 only. But according to Government Proceedings No. 13250 - 1 - Mis 1962 dated 8th June 1896, I am entitled to a pay of Rs 10 from June. If I served in any civil Hospital my maximum pay would have been increased to Rs 15 in course of 3 or 4 years. Whereas as per Proceedings quoted above, my pay is now fixed at Rs 9 without any provision being mas

Sir,

With reference to your letter No 8935 of 26th April last, I have the honor to remark that as the services of an Assistant Surgeon are always available in the Imperial Service Regiment, there seems to be no great gain in keeping a Compounder till his experience and service entitle him to such high pay as Rupees 30/- a month. I am therefore to ask whether there would be any objection to transfer each Compounder after three years' duty with the Imperial Service Troops to the Civil Department replacing him by a fresh man on Rupees 9/- per mensem, which would save the trouble of altering the rates of pay of existing sanctioned Establish-ment.

With reference to the above it is understood that the Compounders are all paid at different rates. It was suggested that as a Compounder whose service would only entitle him to the lowest rate viz Rupees 8/- should be appointed to the Imperial Service Regiment, in such cases, Rupees 9/- would be an increase over the ordinary pay. Govt. order No 13250-1/His 1962 dated 8th June 1896 is herewith returned as requested.
